See full stock range and details:- www.aussiekoi.com

Hello Everyone,

Hope you have had a good month and your fish are well and ready for the show next month. The show committee has been working hard to get everything ready so please support them by entering the show with you fish or if that is not possible, come along and show your support on the day.

Freya

Events Calendar

25th April 2007—General Meeting

1st May 2007—KSWA & ZNA membership renewal due

5th May 2007— Auction

27th May 2007 KSWA Annual Show

Getting ready for the Annual Koi Show

Showing any animal in any show is all about planning and getting organised well in advance. The points below may assist members to plan well, which will reduce stress on both the member and his/her fish, and ensure an enjoyable Show day.

1. At least two months before Show Day

- Decide which fish I will take and know what class they will be in
- Decide how will I take them to the Show (container or poly bag)

2. One month before Show Day

- Arrange with a friend to assist me to photograph and measure the fish - two good quality photos (6" x 4" size) per fish is mandatory.
- If I wish to filter my show tank get the filter made now

3. Decide how I am going to take my fish to the Show

- Do I need to book a trailer for my tank as many members do.
- Book in advance and think about air for the transport tank on the trailer.
- If poly bag, I need rubber bands and oxygen to reduce stress on my fish
- I need boxes to put the bags/fish in, to stabilize them during transport
- I must understand a little about what is required of me when I get to the Show with my fish, ask questions to find out and make it easier for myself

4. At least 2 weeks before Show Day

- Fill in my entry form, and send in 14 days prior to the Show date.
- Write details on the back of all my photographs: my name, fish size, class and variety of fish. **DO NOT SEND PHOTOS**, bring them with me on Show Day.

5. 72 hours before the Show I MUST STOP FEEDING MY FISH

6. On the evening before the Show

- I must check all of my kit I need tomorrow and ensure I have everything laid out ready.
- I must remember to bring the photos of my fish

7. On the morning of the Show

- Start early, leave lots of time and enjoy the experience
- Once at the Show, consider others, do not panic and keep stress levels low
- If I don't know I will ask someone for assistance

Being well organised ensures I will have a good Show Day!

YOUR SALES TABLE

24hours /day you want it I will get it at best price and you support your Club. This is a selection of goods only, not the full range! Call ALAN PECK on 9527 1945

Plastic Bags \$1.00
Test kits
Keeping Koi in Australia \$20 – it is the Oz Bible on koi keeping
Please support your Sales Table

The pumps for the show tubs that are being provided by our sponsor will be available really soon so if you want to get yours before the show please contact Allan and arrangements can be made. Please remember that they must be returned to the club after the Show.

Public Auction - Sunday 26th August 2007 has been set to run the public auction. It will be held at the Cannington Greyhounds Association grounds from 8:00am to 2pm. Please support your club and sell some nice fish on the day. We will be notifying retail sellers of Koi of our intent to run an auction on this day.

Steve Hill had a question of the cost of entering fish in the show and I will be putting a example of how it works in the next newsletter.

Bill Passey mentioned that recently Alan Peck's home was broken into and some of the sales table's takings had been stolen. Unfortunately the club proceeds were not covered under insurance so the club will have to take the loss.

ZNA membership is now due, please support the ZNA. By being members, it enables the KSWA to have a Japanese judge sent to preside over our Annual Show. This being said, we do need to keep the membership levels up. Cost to individual members is \$100 and the club subsidises the difference in cost.

Kevin Cleasby from Shelley Veterinary Clinic gave a talk on Koi Herpes Virus and the implications of this disease.

Coffee break: 9:05pm

Rodney Hansen mentioned that the AKA Show had just been held and a 60cm Sanke was named Grand Champion. This led to a discussion on judging the merits of smaller fish against a larger fish.

Rodney once again gave a fine talk this time on the Goshiki and Koromo varieties. Bill Passey had brought in a Goshiki that was a few months old so members could have a look at it.

Cec Graham raised the question was there going to be door prizes for the Show presentation night as was previously done. He was answered "yes, there was" and that donation would be gladly accepted from any member who had things that could be given away as prizes.

Auction: Not run

Meeting closed 10:15pm
